

TOOELE ARMY DEPOT CAPABILITES LIST

Engineering Services

Product Development

- Design, Simulation and Testing
- Form, Fit, Function

Expertise in Conventional & Chemical Munitions

- Material Handling Equipment
- Demilitarization
- Renovation/Maintenance
- Explosive Safety

Autocad and Inventor – 2D/3D

Live Fire Test Range

Explosive Performance

Non-destructive Testing

- Real Time x-ray

Test Facility

Equipment/Munitions/Environmental

- Sensitivity/Reactivity

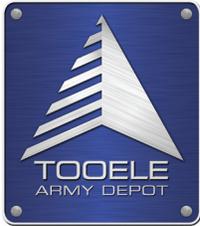

Explosive Safety

Manufacture Metal Parts

Armor

Kits

Components

DEPOT VISION, MISSION AND INTENT STATEMENTS

Pilot Model Shop

Specialty Design, Machine, Fabricate, Assembly, & Repair

- Prototype
- 3D Printing

Metal/Tool Design and Manufacturing

- High Speed High Definition Plasma Cutting
- Plasma Arc Cutting CNC
- Water Jet CNC
- Shearing
- Press Brake
- CNC Lathes
 - Spindle Lathes
- CNC Knee Mills
- CNC Bed Mills
- CNC Machining Centers
- Certified Welding
- Hydraulics

Logistical Operations

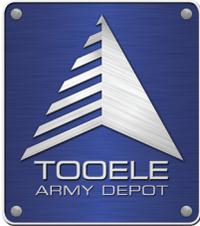

Technical Support

- Worldwide Maintenance Support
 - On-Site/Off-Site
 - Technical Manuals
 - Training

Robotics

- Material Handling & Remotely Controlled Vehicles

Wood Product Manufacturing

Logistical Operations (cont.)

Munitions Renovation/Maintenance

Reclamation/Demilitarization/Disposal/Recovery

- R3 Technology
 - Hydrolysis Facility
 - Super Critical Water Oxidation Facility
 - Slurry Emulsion Manufacturing Facility
- Open Burning and Open Detonation

On-demand Shipping/Receiving/Storage/Outload

- Munitions Storage and Shipping

Ammunition Surveillance

- Quality Assurance Services

Container Certification

ISO 9000:20001 Certified
